GOLDEN NUGGETS FOR SALLLOW PEOPLE

OFFICIAL FIGURES

Result of Recent Election Is at Last Definitely Known.

A ONE-SIDED AFFAIR

The Official Vote of All the Forty-five States Shows a Decrease of Nearly a Half Million.

President Roosevelt Received Over All 1,746,768 and Over Parker 2,547,578.

Chicago, Dec. 23.—The official canvass of the votes cast Nov. 8 for presidential electors has just been completed with the announcement of the result in Minnesota, North Dakota and Washington. The official vote of all the forty-five states totals 13,508,496, against 13,968,574 in 1900—a decrease of 460,078. The ballots were divided as follows:

Roosevelt, Republican, 7,627,632. Parker, Democrat, 5,080,054. Debs, Socialist, 391,587. Swallow, Prohibitionist, 260,303. Watson, People's, 114,637. Corregan, Socialist Labor, 33,453. Holcomb, Continental Labor, 830.

Roosevelt received over all 1,746,768 and over Parker, 2,547,578. In 1900 McKinley had 467,046 more than all the other candidates, and 859,984 more than Bryan.

The vote for Roosevelt was 409,822 more than for McKinley, while that for Parker was 1,277,772 less than for Bryan. The Republicans made gains over their vote of 1900 in thirty-two states, and the official figures show losses in thirteen. The total gains of the Republicans were 732,048, and the total losses 312,249; net gain, 429,799.

The Democrats polled more votes in eight states than in 1900, but less in thirty-seven. Their total gains were 30,792, and the total losses 1,291,491; net loss, 1,260,699.

Roosevelt carried thirty-two states against twenty-eight by McKinley, and has 336 electoral votes under the apportionment of 1900. McKinley had 202 under the apportionment of 1880, there having been an addition of 29 by the last apportionment.

Parker carried thirteen states, against seventeen by Bryan, and has 140 electoral votes. Bryan had 155 under the apportionment in force in 1900.

DR. CHADWICK

is Named in Joint Indictment With His Wife, Cassie.

Cleveland, Ohio, Dec. 23.—Dr. Leroy S. Chadwick and his wife, Mrs. Cassie L. Chadwick, have been jointly indicted by the county grand jury on the charge of having forged and uttered a \$5,000 note signed "Andrew Carnegie."

Dr. Chadwick is now on his way to New York from Paris and is expected to land tomorrow. As soon as the indictment was returned Sheriff Barry of this county made arrangements to secure Dr. Chadwick's extradition. He will meet the steamer on its arrival.

This is the third time that Mrs. Chadwick has been indicted by the county grand jury, but it is the first instance of her husband's name appearing in legal proceedings in the case. The indictments already returned against Mrs. Chadwick are similar to the one just voted, except that they cover notes of \$250,000 and \$500,000, signed Andrew Carnegie.

The grand jury has spent more than two weeks in its investigation of the Chadwick affair. It is understood that it was mainly on the testimony of President Beckwith of the Citizens National bank of Oberlin, Ohio, which failed recently, that the jurors voted to indict Dr. Chadwick. A number of persons whose names have frequently appeared in connection with the case went before the jury at various times to give testimony.

Put It Out of Business.

Tokio, Dec. 23.—Admiral Togo reports as follows: "After personal observation outside Port Arthur, I found the Sevastopol, which was attacked by our torpedo flotillas, is now anchored in the shallows about 400 yards from the shore of Chengtao mountain. The Russians are engaged in pumping, but the Sevastopol is listing at least 10 degrees, with her bow slightly sunk. There can be no hope of restoring the vessel to fighting trim, considering the present condition of Port Arthur, and I judge that she has been completely disabled. I also observed that the enemy's destroyer which was torpedoed by us has been destroyed."

Outspoken Students.

Moscow, Dec. 23.—Students of the University of Moscow adopted resolutions denouncing the rector for prohibiting their meetings, declaring their determination to unceasingly strive for the liberation of the oppressed of the fatherland, and threatening that if they are punished for assembling they will organize manifestations in conjunction with the workmen.

Pug's Money Missing.

San Francisco, Dec. 23.—"Battling" Nelson, the pugilist, has applied for a warrant for the arrest of "Ted" Murphy, who has been his manager, alleging that Murphy had left the city, taking with him \$10,000 belonging to Nelson.

STRANGELY MIXED STORIES

Dogger Bank Incident Complicated by Boatwain's Tale.

London, Dec. 23.—The publication in St. Petersburg of the statement that Hull fishermen have voluntarily deposited that foreign torpedo boats were among the trawlers off Dogger bank when the latter was fired upon by ships of the Russian Baltic squadron, is probably nothing more than a repetition of similar statements emanating from Hull and appearing in London papers the last few days. These are circumstantial and it would certainly appear to be true that some men of the Gamecock fleet have made statements before the Russian consul. The name of only one of these has been revealed. He is the boatwain of the trawler Ava; and he says that he was induced to make the statement while he was intoxicated. He admits that he received a certain amount of money, but now says, the statement he made is untrue. The exact tenor of his statement or any other has not been revealed. All published reports from Hull say positively that those statements were secured by two agents of the Russian government, but the Russian embassy in London declares that there is absolutely no truth in the statement that the Russian government or anyone in any official capacity or anyone delegated by Russia, has been endeavoring to secure statements from the Gamecock fishermen in support of Russian's position before the Paris commission.

The sensational press of England directly charges the Russian government with using underhand means, by bribery and intoxicants, to secure false statements from men of the Gamecock fishing fleet. The Russian consul at Hull said the boatwain of the Ava was brought to his office, but that he sent him to the commissioner of oaths, where, the consul says, the boatwain swore he saw a Japanese torpedo boat with the trawlers. The consul says he knows other trawlers who are ready to make similar statements, but that they are afraid of the consequences. The consul indignantly denies that he has made any attempt to induce fishermen to make statements. He says that when informed of the nature of the statement the boatwain of the Ava intended to make it was his duty to his government to render every assistance.

Altogether an air of mystery surrounds the matter, but no credence in responsible quarters is given to the allegations that unfair methods have been used by the Russian government.

New Wage Agreement.

Chicago, Dec. 23.—A new wage agreement for 12,000 bridge and structural iron workers throughout the United States has been decided upon by the executive committee of the International Association of Bridge and Structural Iron Workers, which has been in session in Chicago for the last ten days. The scale provides for 35 to 45 cents an hour, according to locality. In some districts the new scale provides an increase, while in others it is about equal to present rate of wages.

Tribesmen Surround Alcazar.

Tangier, Dec. 23.—A courier from Alcazar, about sixteen miles northeast of Tangier, states that tribesmen have surrounded Alcazar and threaten to sack the town unless the French consul and one British subject are handed over to them.

Situation Remains Unchanged.

Mukden, Dec. 23.—The situation remains unchanged. The opposing armies continue artillery fights. Both sides have extended their positions far to the eastward.

TERSE TELEGRAMS

The brewery at Iowa City, Ia., burned last night. Loss, \$100,000; insurance, \$20,000.

A block of buildings in Main street at Champaign, Ill., was burned, the total loss being \$50,000.

The Ottawa and Ontario railway, extending from Ottawa to Tupper Lake, was sold for \$1,000,000.

Two British warships have sailed for the Tonga Islands, it is reported, with the intention to annex them.

The annual report of the governor of Alaska estimates the total white population of that district at 26,550. Seven men were suffocated in the soft clay mine of the Reese Hammond Fire Brick company near Bolivar, Pa.

A revolution has broken out in the Turkish vilayet of Yemen, in Arabia. The rebels have had considerable success.

Four men were killed and many others were nearly suffocated as the result of an explosion in a coal mine at Johnstown, Pa.

At Akron, Ohio, George Billings shot and killed his sister-in-law, Mrs. H. G. Squires, and then killed himself. They had quarreled.

The date for the grand review of the battleship squadron of the North Atlantic fleet at Hampton Roads has been fixed for Jan. 9.

Bob Erwin, who is suspected of being the trigger of the two Cody bank robbers, has been captured and is in jail at Basin, Wyo., awaiting identification.

Chicago is experiencing a deluge of grain. Between 5,000,000 and 6,000,000 bushels of grain from the West is now awaiting transportation to points east of Chicago.

The Dedham Savings bank of Dedham, Ia., has been closed and the president, J. G. Cato, who left ostensibly for funds, cannot be found. He is said to be short about \$20,000.

IN GRASP OF FOG

London's Business at a Standstill In Midst of Holiday Shopping.

TRAFFIC IS CONGESTED

Not For Twenty Years Has There Been Such a Pall of Darkness Over That Land of Fogs.

The Whole United Kingdom Wrapped in a Mist That Prevents Human Activities.

London, Dec. 23.—There is as yet no sign of the lifting of the fog which has enveloped the kingdom for the past forty-eight hours. The absence of wind throughout Great Britain is almost unprecedented and meteorologists do not expect any change in conditions for another twenty-four hours. Considering the almost insuperable difficulties attending locomotion of any form, the number of fatal accidents has been remarkably small. The congestion and suspension of business are very general. So far as London is concerned, the tube railways are the only concerns benefiting, and their daily traffic is reaching record figures. Places of amusement are almost deserted and shopkeepers are loudly lamenting the absence of the usual Christmas customers. Instead of which the big stores are inundated with orders by post which cannot be executed owing to the complete dislocation of all carrying business. Railway traffic, both for long and short distances, is almost paralyzed. A condition resembling chaos prevails in the postal service. With the continued accumulation of Christmas parcels and letter traffic it is quite impossible to preserve even a semblance of punctuality. All railway trains are many hours late, and many trains between London and suburbs occupy a couple of hours in making a distance of eight miles. Mailboats in all directions are similarly paralyzed. Only two vessels entered the port of London yesterday, a condition of affairs such as has not occurred for twenty years. The mouth of the river is crammed with vessels loaded with perishable foodstuffs of all descriptions. The streets of London present remarkable scenes. Nothing is visible except lightboys' torches and the occasional flare of cigarette lights which the authorities are beginning to employ to assist traffic. Phantom whistling of omnibuses and tramway drivers, whilst at points like Trafalgar Square and the Hyde Park corner are agglomerations of vehicles of every description held up by the police and close locked for hours. Nearly everybody is suffering from headache, which the doctors attribute to the fog.

At Birmingham, Sir Oliver Lodge is making experiments with a model electrical apparatus for the dispersal of fog, which, although successful, is regarded as being too expensive for application on a larger scale.

Statisticians estimate that the losses in a single day of such a fog in London alone amounts to fully \$3,000,000.

ROJESTVENSKY'S PLANS

Coaling Station to Be Established Off Madagascar.

St. Petersburg, Dec. 23.—The announcement that four Japanese cruisers and twelve torpedo boats are proceeding west from Singapore is received here with much interest. It is not believed, however, that such a small squadron can have been sent out by Japan with any idea of engaging in offensive operations, but it is regarded as more probable that it is the purpose of this squadron to keep a surveillance over the two detachments of the Russian fleet which are expected to soon unite in the neighborhood of Madagascar. It is generally believed that Vice Admiral Rojestvensky intends to establish a naval coaling base on some small island between Madagascar and the Philippines, and that the Japanese cruiser squadron hopes to mark down the rendezvous for Vice Admiral Togo's information. The hope is expressed that Admiral Rojestvensky will be able to catch up with the Japanese scouts, which it is believed he could easily destroy, thereby weakening the Japanese in the final naval engagement.

Early Verdict Was Expected.

New York, Dec. 23.—The jury in the Nan Patterson case was locked up at 11:30 last night, not having reached a verdict. Miss Patterson heard the news in the "pen" and it was so unexpected to her that she came near to collapse. The girl who showed such courage through the long trial is almost a nervous wreck. The great strength she formerly evinced has faded and she repeatedly exclaimed, "Oh, can those men doubt my word!"

Cap Makers Strike.

New York, Dec. 23.—A strike against the "open shop" has been begun here by the United Cloth, Hat and Cap Makers' union. The unions claim to have 1,500 cap makers out.

Storm Aids Russians.

Chefoo, Dec. 23.—It is reported that eight torpedo boat destroyers have escaped from Port Arthur, where for the last twenty-four hours a severe snowstorm has been raging.

NO CHANGE LIKELY

State Oil Inspectors to Remain in Present Position Charge.

Indianapolis, Dec. 23.—Speculation with reference to appointments by the incoming state administration have not included to any considerable extent the state chief oil inspectorship. The term of the present incumbent, Sidney Conger of Shelbyville, does not expire for two years, and as he has been a popular and efficient official and was one of the original Hanly men in the state his continuation is looked upon as a matter of course. T. H. Johnson, his deputy for Marion county, was also one of the devotees of the new governor during his race for the nomination. The chief oil inspectorship carries a salary of \$2,500 a year, without an allowance for office expenses. During the calendar year just closing Chief Inspector Conger has turned into the state treasury fees aggregating about \$35,000, or nearly \$75,000 for his two years of service. Up to last year the state had never derived any income from the state oil inspection bureau.

The report published this morning that John L. Griffiths of this city is to be appointed soon to succeed Hon. John K. Gowdy as consul general to Paris, created a big stir among the Republican leaders. They were "scooped," as a newspaper man would say if the other fellow beat him to a prize story. Griffiths, it seems, had not been considered by them in connection with the position. Most of the leaders thought Chairman Goodrich could have it, but he has stated from the start that he would not be a candidate. Francis T. Roots of Connersville is an avowed candidate, and it is said that James E. Stutebaker of Peru also wants it. But Griffiths, it seems, has the call. Chairman Corley and others identified with the management of the campaign, have sent a letter to the president strongly praising Griffiths' work in the last campaign. The president, it is said, is determined to recognize Griffiths and will give him some place equally as good as the one at Paris if not that one. Griffiths could not confirm the report that he is to be appointed, but he said he has received intimation from Washington that he will get something.

It may be set down as a certainty that there will be a strong opposition to the proposed bill for a state hospital for consumptives and considerable opposition to the bill for the epileptic village. If either passes the legislature it will be the latter, but already it looks as if some of the members who were in favor of it are beginning to weaken under the prospect of an increased tax levy or a big bond issue being necessary. The situation is peculiar in a way. The present administration has made a record for paying the state debt, but to do so it has used most of the surplus that way and has arranged for another big payment the first of the year. The state has grown so rapidly that the hospitals for the insane are crowded to their capacity. They must be relieved some way. The question that promises to be difficult of solution for the legislators is whether it would be better policy to increase the capacity of the insane hospitals now and let them care for the epileptics for the present, or build a hospital for the epileptics and relieve the congestion that way.

People who have frequented the legislative chambers during the last few years will be greatly surprised when they revisit them during the coming session of the legislature. The house and senate halls have been redecorated with beautiful and costly curtains. The desks have been varnished; everything, in fact, looks brand new. Custodian Huffman has had men at work getting the entire building ready for the legislative invasion, and it is clean from top to bottom. Over \$1,000 has been expended in new apparatus for ventilating the legislative chambers, which were considered so unsanitary at the last session. Mr. Huffman would like to have an appropriation for new gold leaf for the statehouse dome, which is beginning to look weather-beaten, and to fresco the interior of the corridors, but it would require several thousand dollars, and it is probable that the legislature will not untie the purse-strings for that purpose this time.

Watchman Lost His Patience.

Rushville, Ind., Dec. 23.—Timothy McGrath, a watchman at a crossing for the Pennsylvania Railroad company, shot and seriously wounded Francis Moor, aged fourteen years, because a crowd of small boys taunted McGrath. McGrath has been arrested for shooting with intent to kill.

Ohio Murderer Convicted.

Zanesville, Ohio, Dec. 23.—Nathan Edward Spencer was found guilty of the murder of William G. Tanner on Aug. 19. The motive for the crime was robbery. Tanner was a civil war veteran. Spencer beat the old man over the head with a hickory club.

Couldn't Secure Evidence.

New York, Dec. 23.—No evidence warranting indictments in this county was presented to the grand jury in connection with the charge that a bribery fund had been collected by the liquor dealers' association to influence legislation at Albany.

The Defense Being Heard.

Rising Sun, Ind., Dec. 23.—The state concluded its testimony in the Gillespie case this morning and Congressman Griffith made the opening statement for the defense. The taking of the testimony for the defense then began.

BIG TROLLEY SYSTEM

Cleveland Advances Say a Great Alliance Is Being Effected.

Cleveland, O., Dec. 23.—An alliance of traction interests from Cincinnati, Toledo, Cleveland and Philadelphia is being completed that will give to western Ohio and eastern Indiana the most important, far-reaching and comprehensive system of suburban lines in the world. The plans are so far along now that the success of the plan can no longer remain a subject of doubt.

The main spirits of the undertaking are the Elkins-Widener traction interests of Philadelphia, represented by W. Kelsey Schoepf, manager of the company's lines in Cincinnati, and Hugh J. McGowan, manager of the company's lines at Indianapolis and through that part of Indiana.

The plans call for through lines from all the large cities reached and will bring hundreds of miles of traction under one management and in one system. Carried to what now appears definitely as its goal, the plans will give a trolley connection tying together the lines from Cincinnati to Toledo, to Indianapolis and Cleveland, forming the first trans-state and long distance inter-state traction system in that portion of Ohio.

Young Gould on the Carpet.

New York, Dec. 23.—After a personal investigation into the action of Kingston Gould in drawing a revolver on a crowd of Columbia University sophomores who were attempting to capture him, Police Captain McElroy made a report on the case to Police Commissioner McAdoo. In which he said it had been difficult to obtain information, as the students were reticent about the affair. It is said that Dean Hutton has reached a decision as to what shall be done with the sophomores participating in this affair.

Ineffectual Clues.

Colorado Springs, Col., Dec. 23.—Several clues have been run down by the officers without establishing the identity of the young woman on Butler mountain. The police department will have printed 10,000 copies of a diagram of the dental work in the mouth of the young woman and mail them to dentists all over the country. This is regarded as the strongest clue to the identity of the girl.

Climbed Fence With Gun.

Washington, Ind., Dec. 23.—Harmon Neerimer's arm was torn from his body by the full load of a shotgun. Neerimer was climbing a fence and when on the top he let the gun slip, but down, to the ground. The hammer struck a rail of the fence and the frightful accident resulted. Neerimer still lives, but no hopes of his recovery are entertained.

Probing Lynching Case.

Huntsville, Ala., Dec. 23.—John Jamar has been arrested on an indictment returned by the recent United States grand jury charging conspiracy in the lynching of Horace Mapes. Several indictments in this case were found by the grand jury, and so far three arrests have been made. T. M. Riggins and Robert Powell are out on \$5,000 bonds.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhoea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressing common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, insist on having Dr. Pierce's Favorite Prescription and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Insist on having Dr. Pierce's Favorite Prescription in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

In cases attended by a leucorrhoeal drain a solution of Dr. Pierce's Lotion Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to any address, on receipt of 25 cents in stamps. Send 3 cents in stamps for Dr. Pierce's Common Sense Medical Adviser. Address: WORLD'S DISPENSARY, Buffalo, N. Y. Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private. Address: Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.

FRIDAY, DECEMBER 23, 1904.

MORNING papers say that Hon. John L. Griffith is slated for the Paris consulship to succeed John K. Gowdy. He would fill the place with great credit and besides he is deserving of recognition.

DON'T wait until the last minute to complete your Christmas shopping. Go down town this evening, but if you can't go this evening go in the morning. There will be a big rush tomorrow. The merchants here brought on a splendid stock of holiday goods and they are selling them at prices that are right.

THERE are those in our vicinity, like in every other, for whom Christmas can be made much happier by a little thoughtfulness on the part of others more fortunately situated. It is our duty to spread happiness and good cheer at every opportunity. Remember the unfortunate now. Look about you for an opportunity to do good.

THAT "snow and ice" ordinance introduced by Buhner at council meeting last night and passed by the council is a great piece of legislation. Read its provisions through and you will be convinced. To the average citizen there appears already in the ordinance book a sufficient number of city ordinances that have never been enforced and it seems never passed for that purpose. Here is a brand new one for Seymour. Now observe the cleanliness of sidewalks in the future.

Another Good One

"Betrayed at the Altar," an English melodrama that had a wonderful run in London, will be the attraction at the local theatre next Monday, Dec. 26, in the afternoon and evening. This play is commended very highly. The press notices are very complimentary. Remember the date.

Startling Evidence

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarlane, Bentonville, Va., serves as sample. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by W. F. Jury Disagreed.

The jury that tried Nan Peterson who was charged with the murder of Caesar Young in New York, failed to agree and were discharged. The jury was out all of last night and today represented to the court that it would be impossible for them to agree on a verdict. The jury was then discharged. This trial has attracted attention throughout the county.

Resigned.

William Humes presented his resignation as a member of the school board to the city council last night and the same was accepted. Mr. Humes has accepted an offer to travel out of Chicago for a lumber company and will therefore be away from home most of the time. The council will fill the vacancy.

Take The Trip.

Hoyt's "A Trip to Chinatown" at the opera house tonight. There are few people but know that this is a meritorious play, one that has won a high place with the theatre-going public. It is a bright comedy abounding in amusing complications and situations. You can always enjoy "A Trip to Chinatown." Go on this trip tonight.

School Vacation.

The Seymour city schools were dismissed at 4 o'clock this afternoon for Christmas until January 2. The state teachers association will be held at Indianapolis next week and some of the teachers will attend.

Christmas Entertainment.

The St. Paul M. E. Sunday school, four miles southwest of this city, will give an elaborate Christmas program tonight. There will be music, recitations, exercises, responsive readings, and then the distribution of Christmas packages. George Kasting is the superintendent of this school.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

CITY COUNCIL.

Proceedings of Regular Meeting Last Night.

The city council met in regular session last night with Mayor Graessle and all councilmen present. After the minutes were read and approved the following business was transacted.

The finance committee reported that the books of ex-city clerk, Jennings, had been audited and same found correct. On motion the report was approved and ordered recorded.

The special committee appointed to inquire into the business done by the Greeman Furniture Company as per instructions submitted a report, stating that they had gone to the factory and gone carefully over the plant and ascertained the facts as to the amount of business the company was doing, the equipment of the plant and the general conditions pertaining to the plant and its operation.

They found that the factory employs 65 men; that the factory has sufficient equipment to employ 100 men, but owing to a lack of ware room space they were not now able to work at full capacity; learned that the management intends to build a new ware room and will then employ more men; the payroll the past year was about \$23,000; the business of the factory in 1904 was \$25,000 more than the year previous. After learning these facts the committee recommended that the company be granted a deed to the factory site as per agreement and that the proper steps to that end be taken. The report was approved.

The claim of the Light Company for the last quarter of 1904 was read and referred to the light committee.

On motion of Mills the mayor appointed a building committee consisting of Mills, Cordes and Love to take the lead in the matter of a new city building to be used for fire department purposes, etc.

The finance committee reported that the report of the treasurer for September, October and November had been audited and found correct.

The finance committee reported that the financial report of the city library building committee had been audited and found correct.

Gibson presented the petition of Peter Largent asking that the contract to haul slops from the city be awarded him for a term of two years at \$45 per month, the price now paid to him for this work. The advantages of a longer contract were presented and the council voted the contract to Mr. Largent for two years, but he is to receive pay for only ten months out of a year.

Gibson handed in the resignation of William Humes as a member of the school board which was accepted by a vote of the council.

Buhner presented an ordinance for the purpose of requiring owners of real estate to remove snow and ice from sidewalks and providing a penalty for its violation. The ordinance was read the first time and then the rules were suspended and the ordinance advanced and adopted. The ordinance provides that resident owners of real estate in Seymour shall remove all snow and ice from improved sidewalks in front of such property within twelve hours after the snow falls or ice forms. In the event the owner of the property is a non-resident then the agent or tenant must clean the walk. Section 2 of the ordinance provides a penalty of not more than ten dollars nor less than one dollar for violating the ordinance. The ordinance will be in force after legal publication.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by W. F. Peter Drug Co."

THE AMERICAN REVIEW OF REVIEWS

The more Magazines there are, the more Indispensable is The Review of Reviews

"Indispensable." "The one magazine I feel I must take." "The world under a field glass." "An education in public affairs and current literature."—these are some of the phrases one hears from noted people who read the Review of Reviews. The more magazines there are, the more necessary is the Review of Reviews, because it brings together the best that is in all the most important monthlies of the world. Such is the flood of periodical literature that nowadays people say that the only way to keep up with it is to read the Review of Reviews. Entirely over and above this reviewing section, it has more original matter and illustrations than most magazines, and the most timely and important articles printed in any monthly.

Probably the most useful section of all is Dr. Albert Shaw's illustrated "Progress of the World," where public events and issues are authoritatively and lucidly explained in every issue. Many a subscriber writes, "This department alone is worth more than the price of the magazine." The unique cartoon department, depicting current history in caricature, is another favorite. The Review of Reviews covers five continents, and yet is American, first and foremost.

Men in public life, the members of Congress, professional men, and the great captains of industry who must keep "up with the times," intelligent men and women all over America, have decided that it is "indispensable."

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable house hold remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by A. J. Pellens and W. F. Peter Drug Co.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WEGAN.

Martin Hagan is reported better.

To all we wish a joyous Christmas. Nearly all here will be done with their butchering this week.

Several sold stock at Valonia the past week.

G. A. Robertson, the surveyor, did some land and ditch measuring for William Tormohlen and sons the past few days.

Exposure to a sudden climatic change produces cold in the head and catarrh is apt to follow. Provided with Ely's Cream Balm you are armed against Nasal Catarrh. Price 50 cents at Druggist or Ely Brothers, 56 Warren Street, New York, will mail it. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation, cleanses and cures. Cream Balm quickly cures the cold.

Holiday Excursions.

On account of Christmas and New Years holidays, the Southern Indiana railway will sell tickets to all stations on its own line and within a radius of 150 miles on connecting lines at a rate of one and one-third fare for the round trip. Tickets will be sold Dec. 24, 25, 26 and 31, 1904, January 1 and 2, 1905. Good returning to and including January 4, 1905. J. M. Clark, Agent.

WOMEN INDIGNANT

Canvassers Seeking to Swell Church Fund Shut Off by Merchants.

THEY WILL RETALIATE

Ladies of Episcopal Church at Goshen Threaten to Boycott the Merchants Who Opposed Them.

They Were Selling Silverware About Town and an Ordinance Was Invoked to Stop Them.

Goshen, Ind., Dec. 23.—The women of St. James' Episcopal church, one of the fashionable congregations of the city, in order to increase the church fund, entered upon the sale of silverware, making a canvass from house to house and arranging with an Eastern firm for the delivery of goods at wholesale rates. The retailers of the city became indignant, as it materially interfered with Christmas sales, and they appealed to the police chief to enforce the ordinance which provides that agents traveling about the city must pay a license. The police chief thereupon ordered the women to stop canvassing, and also ruled that they would be liable under the ordinance if they attempted to deliver on sales already made. The latter are helpless under the circumstances, but their anger is aroused and they threaten to boycott the retailers who brought about the trouble.

DROUTH IN ALLEN COUNTY

Telling Severely on Farmers and the Community Generally.

Fort Wayne, Ind., Dec. 23.—The drouth continues here with severe effect upon farmers and householders whose cisterns have run dry. Farmers are having much extra work in providing their cattle with water. The railroads are still suffering from water, and the Nickel Plate is transporting water along the line in oil tanks. The city waterworks station is being taxed to its capacity to pump the nearly one million gallons a day supplied to the Pennsylvania company, and the reserve pumps are kept constantly in operation. The record of water pumped yesterday was 6,000,000 gallons, as against 4,500,000 one year ago. This is as much as is required for hot spells during the summer months, and breaks all records for December. Farmers report that there is enough snow to protect the wheat, but that they are put to much expense to provide water.

This Object Lesson Was Enough.

Hammond, Ind., Dec. 23.—August Tankman, a well-known man-about-town, was found lying in the street suffering from protracted dissipation, and he was taken to jail. In the morning, when Tankman was called, he was found dying in his cell. Medical assistance was summoned, but it was too late. Another prisoner under arrest for drunkenness, upon seeing the fate which had overtaken Tankman, took the pledge of total abstinence. Tankman was formerly wealthy, but spent his means in dissipation.

Short Order Justice.

New Castle, Ind., Dec. 23.—The impending of a jury, the arguments of attorneys, the taking of evidence, the instructions of the court, a verdict by the jury, and the sentencing of the prisoner to the state's prison for an indeterminate term, all took place in a little more than an hour, when Charles Jacobs was convicted of robbery. Jacobs, who is fifty years old, is the thief captured by farmers after a two hours' chase through the woods several weeks ago.

Blaricon Sentenced for Life.

Greenfield, Ind., Dec. 23.—The jury in the case of Charles V. Blaricon, indicted for the murder of Robert Frazer at Maxwell, returned a verdict finding the defendant guilty as charged, and fixing his punishment at life imprisonment. It is the first time life imprisonment has ever been imposed in this county.

Fell to His Death.

Evansville, Ind., Dec. 23.—Jacob Kuhn, aged sixty years, for forty years connected with the wholesale drygoods house of Mackey, Nisbet & Co., fell from the fourth story of the building and was instantly killed. It is believed his death was accidental.

Stepped on a Splinter.

Shelbyville, Ind., Dec. 23.—Joseph Ray Byrum, while working in a factory, stepped on a splinter which penetrated his shoe and entered the foot. Lockjaw developed and death came last evening. He was nineteen years old, and leaves a wife.

Sheriff Took a Hand.

Clinton, Ind., December 23.—Sheriff Swaine last night stopped a fight scheduled between Kid Paige and Tony Moran, by threatening to arrest the principals. A preliminary bout had gone four rounds when the sheriff interfered.

A Boy and a Gun.

Boonville, Ind., Dec. 23.—William E. Young of Pigeon, Spencer county, is dead, the result of an accidental shot by a youthful companion, while hunting. Young was thirty-five years old.
